

Technology Solutions for Student and Staff Safety

Prepare your School for a Safe Fall Semester

As the next semester approaches, navigating the health safety needs of both your school's staff and students can be overwhelming. Let JourneyEd be your guide as you shift to a new way of providing online and in-person instruction. As you transition to a health and safety response, you will need to ensure that technology requirements and guidelines are put in place to ensure a safe and equitable education for all students. This will involve acquiring safety oriented technology and getting it into the hands of every staff member and student. Let us help you navigate our needs.

Here are a few of the items you might need to get your school up and running next semester:

Video Conferencing

Secure video communication services for hybrid classrooms, office hours, administrative meetings, and more.

Web Filtering/Antivirus

We offer solutions that deliver comprehensive security for virtual infrastructures, physical and mobile devices.

Remote Learning Devices

We offer a wide selection of devices for students and faculty for remote learning and teaching.

Elevated Body Temperature Checks

We offer several solutions for checking elevated body temperature for students and staff while on campus.

Technology Leasing

Our leasing solutions provide customizable financial flexibility and for ALL your technology needs.

Social Distancing

We offer a variety of room and desk dividers that are essential for safe social distancing on campus.

Remote Learning Content Creation

We provide a variety of tools to create engaging content for your students to enhance remote learning and in the classroom.

Contact-less Signatures

Stay free while being green, we carry a variety of paper-less signature solutions.

Remote Desktop/App Virtualization

We have the best solutions to deliver secure, remote, virtual desktop environments for distance learning and in the classroom.
