Panic Buttons for School Safety

Don't let your school be the next headline...

**PARKLAND, FL OXON HILL, MD PHILADELPHIA, PA BENTON, KY
SAN BERNARDINO, CA MOBILE, AL DENISON, TX SIERRA VISTA, AZ**

Give your students and staff peace of mind with

TTI Guardian Hub,
2 Way Pager, Call Fob,
and Repeaters

Ideal for schools and campuses, TTI Guardian is a completely wireless duress notification / panic button solution that gives your staff a way to quickly and effectively communicate an emergency situation.

When an alarm is signaled, TTI Guardian knows the exact user, and location of the incident, which dramatically decreases response time. Our solution is extremely easy to deploy and operate, and comes with 1 year of free 24x7x365 support with every installation. TTI Guardian has no monthly or recurring fees, and is highly scalable so it can grow with your school. Alerts can be silent or audible, and the system features 3 different types of alarms: Panic Button, Man-Down, and No-Response.

Contact us today to learn more about TTI Guardian and school safety.
